A Few Recent Letters of Praise from Thoroughly Satisfied MOTOR MANUAL Users!

VALUABLE IN COUNTY HIGHWAY SHOP

"I would certainly hate to get along without your Motor Book. We have most popular makes of cars come into the county shop...Sheriffs Dept., Supervisors and Highway. If anything comes up on the new ones we are not sure of, we can always find it in the Motor Book." Mr. Frank Bouschet (County Highway Shop) Tucson, Arizona

INVALUABLE SPECIFICATIONS

"Motor's Auto Repair Manual is invaluable to me as I depend on it for all makes and models for clearances, specifications and specific information on assembly and disassembly of units with which I am not familiar."

Mr. W. W. Forlines (General Repair Shop) Lynchburg, Virginia

PAYS FOR ITSELF ON ONE JOB

"Could not get along without Motor Repair Manual. Pays for self on one job." Mr. Harold Taylor (Garage Operator) Lindale, Georgia

"Motor's Auto Repair Manual is the best repair book I have ever used and I've seen them all. The exploded views are especially neat. Very good book, I would recommend it to anyone."

Mr. Thomas Denning (Service Station) Piqua, Ohio

WORTH WEIGHT IN GOLD

"There are so many different settings and clearances today on different automobiles that it is impossible to memorize them. With a Motor's Repair Manual at your finger tips you have accurate and time-saving information. To me Motor's Repair Manual is worth its weight in Gold."

Mr. R. L. Parkison (Garage Mechanic) Stuart, Iowa

HELPS HIM GUARANTEE WORK

"In the auto repair business since 1922. With the improvements, changes and new equipment on cars year after year, I would actually starve to death without the Motor's book. I have guaranteed my repair work for years. But only through the knowledge obtained from the Motor's book."

Mr. Ernest Schmidt (Auto Repair Shop) San Dimas, California

"Motor's Manual is a must for the old and the new mechanic. I have been at the game for 35 years. I use it and keep it at hand all the time."

Mr. Floyd W. Holt (Truck Rental Shop) Tampa, Florida

EASY TO FIND ANSWERS

"What I like most about MOTOR's Manual is how simple it is to find the answer you need. If you have a MOTOR Manual you can see the part and follow the instructions very easily."

Pete Woitas (Auto Engineering) Warren, Michigan

HELPED EARN PROMOTIONS

"I feel no one can operate a repair business without the Motor Manual. Each year I find many new and helpful uses. Information is easy to find when time is valuable. The manuals have given me many job advances. And above all, it gives the customer satisfaction, and me repeat business."

Mr. Walter Schuerch (Tune-Up Shop Owner) Willamina, Oregon

ON PAR WITH HOME STUDY COURSES

"I consider the Motor Book on the same par as these home study courses that have advanced me into better paying and more suitable positions in life."

Mr. Fred Rosencrans (Service Station-Garage) Wyoming, Pennsylvania

"Your Motor Manual helped me make foreman and I find it helps the boys working for me. We are always referring to the Motor Manual and especially John Bowerman on specifications like point setting, spark plugs, firing order, etc."

Mr. John Bowerman, Sr. (Auto Shop Foreman) Salinas, California

INCOME UP 50%

"The Manual saves time on many jobs—especially on new cars. My income went up 50%. Give one to a good mechanic, he will never part with it or stop buying new ones."

Mr. William Normyle (Repair Shop) Elizabeth, New Jersey

"I have found that the Motor's Auto Repair Manual has been an essential help in my business. It is a time saver and money saver. I couldn't run my shop without it."

Mr. J. Larry Schaeff (New & Used Car Dealer) Bessemer, Alabama

"I use this book to speed up my operation. We have to have the factual data."

Mr. Lowell Wilson (Service Station Operator) Springfield, Missouri

"With your manual I have saved lots of time and hard work, using your guide in my repair shop. Also my helpers have been able to give me more help following your manual. We feel as if we have a guiding hand helping us along the way with your guide to better and faster repairs."

Mr. B. Holden (Repair Shop) Dallas, Texas

BUYS NEW EDITION EVERY YEAR

"I bought my first Motor's Manual in 1958. I have bought them for 7 years. I think that Motor Manuals are tops."

Mr. William Carroll (New Car Dealer) Hamden, New York

William Carroll

USED IN AUTO SCHOOLS

"I have used the Motor Manual in our automotive shop for eight years. Each student is required to use the manual and understand its use in this field. We would not try to run this program without it as we feel a student must learn to read manuals to be a successful mechanic."

Mr. E. S. Chapman (Supervisor Vocational Arts) W. Springfield, Massachusetts

Office of the Vice President

THE TWO MINUTES IT WILL TAKE YOU TO
READ THIS CAN SAVE YOU HUNDREDS OF DOLLARS
AND HOURS OF TIME IN CAR REPAIRS

You're a busy man. So let's get to the point in a hurry. The New Illustrated 1968 Edition of MOTOR's AUTO REPAIR MANUAL is being hailed as the greatest ever by auto mechanics everywhere. It's BIG! ... over 1,150 pages! 2,300 models of 37 car makes! And -- because of the many changes in the 1968 cars -- it's also the MOST IMPORTANT edition ever published.

We have RESERVED A COPY IN YOUR NAME in order to guarantee that you won't be disappointed when the current printing is exhausted. But we can only hold it for seven days. After then, we'll have to offer it to someone else.

MOTOR's New 1968 AUTO REPAIR MANUAL makes a "pro" out of a beginner mechanic on countless repair jobs. Instead of messy, time-consuming trial-and-error methods, you just prop up the book and sail through the job quickly, easily and right. It's like having factory engineers there to guide your every step! And expert professionals will value the time- and labor-saving procedures they'll discover.

NO GUESSWORK! Everything is in plain, down-to-earth language. More than 1,150 pages of clear, simple instructions show you how to fix just about any part of the 37 car makes listed in the enclosed circular. Even air conditioning and power steering systems are boiled down into 1-2-3 explanations. And you not only READ what to do, but you WATCH IT DONE BEFORE YOUR EYES in over 3,000 pictures!

Here is latest illustrated "how-to-do-it" help on the new Montego, Torino and Javelin ... Cadillac's new front-wheel-drive Eldorado ... on Automatic Level Controls, Variable Speed Fans, Speed Controls, Exhaust Emission Control Systems, Concealed Headlamps, new Disc Brakes ... and much, much more!

YOUR CREDIT IS O.K. WITH US, so we'll be happy to send the copy reserved for you on a FREE 7-day examination basis. This means you can look it over, try its advice, BEFORE YOU PAY A SINGLE CENT. If you don't think it's terrific, just return it. If you want to keep it and work with it, then just send us \$2 and the rest in easy payments. (See the enclosed Reservation Certificate.)

You can examine the book at your leisure and SEE FOR YOURSELF how quick and easy every repair job becomes. This big manual -- almost a foot high -- tells you what to look for, where to start, what tools to use. You get proven "how-to-do-it" procedures worked out by automotive engineers -- for 2,300 car models from 1962 through 1968. Over 1,150 GIANT PAGES, 3,000 step-by-step pictures, 285 "Quick-Check" charts, 55,000 essential

(turn page, please)

specifications, a quarter of a million service and repair facts -- are all right at your fingertips!

LIKE THREE BOOKS IN ONE -- THIS GIANT PICTURE BOOK SHOWS YOU
HOW TO REPAIR OVER 2,300 CAR MODELS BUILT FROM 1962 THRU 1968.

You actually get three complete "show-how" books in one big volume:

- 1) COMPLETE TROUBLE-SHOOTING GUIDE spots more than 4,200 car troubles; helps you find the "bugs" fast.
- 2) REPAIR AND SERVICE MANUAL tells you everything you must know about practically any car part -- from bumper to bumper. Includes Engines, Transmissions, Rear Ends, Suspension Systems, Alternators, Generators, Voltage Regulators, Fuel Pumps, Ignition Systems, Overdrives, Automatic Transmissions, Brakes, Water Pumps, Distributors, Dash Gauges, Power Steering, Power Brakes, Carburetors -- ALMOST EVERY PART!
- 3) STEP-BY-STEP INSTRUCTIONS and pictures of each specific car make and model -- 2,300 of them -- from 1962 through 1968. Includes new Montego, Javelin, Torino, and all other popular American-made cars listed in accompanying circular -- PLUS completely up-to-date chapter on Volkswagen.

PRaised BY BEGINNERS AND EXPERT MECHANICS ALIKE

No wonder more than 5,000,000 copies of MOTOR's AUTO REPAIR MANUAL have been sold! Used by auto mechanics, schools, service stations, garages, the Armed Forces, it's the most widely acclaimed auto repair manual in print. Here are just a few of thousands of enthusiastic letters from satisfied users:

"The MOTOR book is well worth the money," writes Jay Marsh, Motor-Tune-Up Mechanic, New York City. Thomas Denning, Repair Shop, Piqua, Ohio, says: "Best repair book I have ever used. Exploded views are especially neat." "Pays for itself on one job," says Harold J. Taylor, Garage Operator, Lindale, Georgia. J. A. Bowerman, Auto Shop Foreman, Salinas, Calif., writes: "Your MOTOR Manual helped me make foreman."
